## SICK TWO YEARS AFTER THE GRIP

**Tonic Treatment Is Necessary After the Acute Stage of the Disease Is Past Before the Health Can Be Fully Restored.**

A single attack of the grip may mean a lifetime of misery if proper precautions are not taken to restore the blood and drive out the lingering poisons that cause the so-called "after-effects" of the disease.

The danger from the grip is seldom over when the characteristic symptoms, the fever, the catarrh, the headache and the depression of spirits pass away. This grip leaves behind it weakened vital powers, thin blood, impaired digestion and over-sensitive nerves—a condition that makes the system an easy prey to pneumonia, bronchitis, rheumatism, nervous prostration, and even consumption. Too much stress cannot be laid on the importance of strengthening the blood and nerves during convalescence.

Mrs. W. H. Parker, of No. 96 West Union street, Newark, N. Y., tells of her cure by this treatment, as follows: "I was sick for two years following an attack of the grip and could get little relief from the doctors' treatment. I had a bad cough for over a year and was unable to do much work. I had no appetite at all and my stomach was weak."

"I was led to try Dr. Williams' Pink Pills by reading of a cure of a case similar to mine and felt some benefit in a short time. The trembling spells left me and I picked up right along until I was cured."

Dr. Williams' Pink Pills have also cured such blood diseases as anemia, rheumatism, after-effects of the grip and fever. Owing to the intimate relation between the blood and nerves, the pills have been found invaluable in such nervous diseases as dizziness, nervous debility, neuralgia and St. Vitus' dance.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

## ABOUT THE STATE

A horse driven by John O'Donnell of Vergennes ran away Monday, leaving Mr. O'Donnell out with such force that his collarbone was broken.

George Murphy of Morrisville met with an accident while working in the woods last week. He was chopping when the axe glanced and entered his left leg above the knee, inflicting a painful wound.

E. P. Jose, the new manager of the American Mineral company, Johnson, is installing new machinery to make the finest grade of tale. When the machinery is installed, E. A. Hulet of Rochester will operate the plant.

Hanson Perkins of West Lunenburg has been seriously ill, as the result of taking cold through mistake, as posing it to be cough medicine. He is still in a very critical condition, though somewhat better than at first.

Miss Albina Costa, the fourteen-year-old daughter of Domenico Costa, is in charge of her father's fruit store in St. Johnsbury, during the absence of her father and mother for two months in Italy. She is also looking after the little family of Costa's left behind.

Mrs. Stanley Elliott of Moravtown came near bleeding to death on Thanksgiving day, when she had 18 teeth extracted, physicians arriving just in time to save her life, as her heart had nearly ceased to beat. She is improving slowly, but is still in a critical condition.

Archibald Shoro of Brandon, about 20 years of age, died at the Mary Fletcher hospital in Burlington Tuesday. He went there for an operation on his neck, but did not recover from the effects of the ether given him. He attended the sophomore class of the university of Vermont this fall.

Cornele G. Ross, for many years general manager of the Lincoln Iron Works and Steam Stone Cutting company of Rutland, has resigned his position with the company. The resignation will not take effect at once. It is understood that Mr. Ross will move West soon. No successor has been appointed as yet.

Fire last week destroyed the house, with its contents, belonging to Albert Burnham in South Wheelock. The fire was under full headway when discovered. By the hard work of neighbors, the barn was saved, though quite near the house. The family lost nearly all their clothing. There was a small insurance on the property.

One day last week, as Rev. Mr. McKinley, who preaches in Topham, was returning home, between Topham and Groton, his horse stumbled and fell, throwing Mr. McKinley out of the buggy and injuring his nose so much that it had to be taken to a close wound. He will probably not be able to preach for several weeks.

A prize of \$5 has again been awarded by the B. & M. railroad to the Lyndon station agent, Mr. Crawford, for the flowers and work done about the station grounds this year. Mr. Crawford has been the prize money over to the Village Improvement society, as that society has had charge of the work, paying also for half of the permanent work.

Mrs. Harriet Rock died at the home of her daughter, Mrs. F. O. Vaughn, in Fair Haven, Tuesday, after a long illness. She was 78 years old and leaves an only daughter, Mrs. Caroline Peck, of that place, and three sons, Lemuel B. of Seattle, William of Concordia, Kan., and John S. C. Peck of Fair Haven. The funeral will be held at the home of Mrs. Vaughn this afternoon at 2 o'clock.

James Manchester's house in McIntire Falls was burned Monday night, by nearly everything in the house being destroyed. The chimney burned out, but was watched and supposed to be all right. Later, the fire engine from Barre came down, but was too late to save the house. Mr. Manchester built a new barn recently, which was, fortunately, a little distance from the house. The latter was insured for \$1,200.

Orin Bliss and Romeo Donaldson of Swanton Center were riding on the forward box of a sled Thanksgiving day, when the sled caused the box on the sled to slide, which frightened the horse and threw both men, the former holding on to the reins and being dragged some distance. Mr. Bliss received a severe injury to one knee, which has since been placed in a plaster cast. Mr. Donaldson was hurt much more seriously than was at first thought and has since been confined to his bed, and complications are feared.

The Bennington Wax Paper company has received the best order for paper for wrapping butter. The business of the company is heavy and the factory is running evenings. The prospects for its continuance are excellent. The Pillsbury & Slade company, which manufactures a similar grade of paper, together with a manila toilet tissue, also has orders of hand enough to keep the factory running several months at its present pace. It is expected the company will install a new paper making machine.

A public meeting was held by the board of trade at the Ludlow town hall Monday evening to discuss ways and means of securing the proposed brush factory. The meeting was presided over by Col. R. E. Hathorn, president of the board. The sum of \$800 was pledged, and besides that a considerable sum was collected toward paying the expenses of a committee from the board of trade to go to New York in the interest of the movement. As there is a large supply of hardwood timber in the vicinity, there is a fair prospect that the company may locate at Ludlow.

The Northern Electric company of Burlington, of which E. H. Vance is president, has secured the contract to build the high voltage transmission line from Cady's Falls to Stowe, where power will be furnished by the Morrisville municipal power plant for operating the Stowe-Waterbury electric railroad. M. G. Clark, general manager of the Northern company, is already on the ground and will have personal supervision of the construction of the line. The contract requires that the installation shall be completed within sixty days.

Timothy H. Kett of Fair Haven, for many years local manager for a New York state concern, died at his home Tuesday of pneumonia of the heart just

## THROAT MISERY

Read How a Boston Man Got Rid of Chronic Throat Disease.

"I myself did me a world of good, when I had chronic laryngitis; in fact, effected a cure after all the best specialists had given me up as a bad job. I tried Hyomei the same as I had tried hundreds of other things that people or doctors would recommend. They all failed except Hyomei, and this effected a cure that has been lasting. All my troubles happened 12 years ago, and I had ought to be ashamed not to have written you before. At first, I waited to see if the cure was permanent or not, and when you realize that for five winters before I used Hyomei I could not speak above a whisper, and sometimes not at all, you can judge why I waited with a good deal of anxiety for you to tell if I was really cured or not."—E. A. Lindsey, 145 South Street, Boston, Mass., April 1, 1909.

Hyomei is a remedy for the throat and that comes in the form of a lozenge or tablet with a \$1.00 outfit, and this highly healing and antiseptic vaporized air will promptly relieve and permanently cure catarrh and all ordinary diseases of the nose and bronchial tubes. It gives great relief to consumptives. Sold by leading dealers everywhere and in Barre by the Red Cross Pharmacy.

Two weeks, to the day and hour, after his son, Edward, died. Mr. Kett was 59 years old and is survived by his wife, three daughters, Mrs. William Gerlach of Plattburgh, N. Y., and Misses Nellie and Anna Kett of Fair Haven, and six sons, John of Boston, Charles of Plattburgh, and Timothy, Sylvester, Hillard and Stephen Kett of Fair Haven. He was a member of the Fair Haven council, No. 810, Knights of Columbus, a member of the Fourth Degree Assembly and of the Holy Name society of St. Mary's church. The funeral was held at the church Thursday.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

## Travels 294 Miles to Get Ten Feet

One of the most remarkable mail routes in the world is that which a letter journeyer is getting from Beebe Plain, Vt., to Beebe Plain, Quebec, Can. While the two offices are within 10 feet of each other, they are located in the same room, in fact, a letter mailed from one office to the other must make a trip of 294 miles, 67 miles in Canada and the rest in the United States.

The plain, old-fashioned store building, which is situated on the international boundary line, contains both the United States and Canadian offices. There are separate entrances to each, but both are in the same room, have the same lobby and there are no partitions to mark the division between the domain of Uncle Sam and the possession of King Edward.

"If you mail a letter from the Vermont side, addressed to the Quebec side," says the postmaster, "it goes from here to the station, then to the express office, to White River Junction and back to Lennoxville."

## Scott's Emulsion

is the original—has been the standard for thirty-five years.

There are thousands of so-called "just as good" Emulsions, but they are not—they are simply imitations which are never as good as the original. They are like thin milk—SCOTT'S is thick like a heavy cream.

If you want it thin, do it yourself—with water—but don't buy it thin.
